## KBI releases state crime statistics

TOPEKA — The Kansas Bureau of Investigation (KBI) has released the 2019 Kansas Crime Index Report. The report compiles crime statistics reported to the KBI by state and local law enforcement agencies across Kansas.

### Violent crime analysis

The 2019 Kansas Crime Index Report indicated that violent crime in Kansas increased by 2.6 percent in 2019. A total of 12,694 violent crimes were reported in Kansas in the categories of mur-

der, rape, robbery, and aggravated assault and battery. The violent crime rate is 17.3 percent above the 10-year average.

In 2019, aggravated assaults and batteries increased by 6.1 percent, which drove the violent crime rate up. Yet, fortunately, the state saw a decline in the number of murders, rapes, and robberies. Across Kansas 130 murders, 1,297 rapes, and 1,422 robberies were reported.

### Property crime analysis

According to the 2019 crime report, total property crime offenses in Kansas declined by 6.8 percent. Even motor vehicle theft, which has been on the rise for several years, declined statewide in 2019.

For the full 2019 Kansas Crime Index report and previous year's statistics: [http://www.accesskansas.org/kbi/stats/stats\\_crime.shtml](http://www.accesskansas.org/kbi/stats/stats_crime.shtml).

Data from the Kansas Crime Index report is derived from standard offense and arrest reports submitted to the Kan-

sas Incident Based Reporting System (KIBRS) by local law enforcement agencies across Kansas. It is dependent on victims reporting crimes. The report is compiled to provide a historical assessment and snapshot of crime trends. It is often not possible to draw further interpretations or conclusions from the data. The KBI cautions against using data to make direct comparisons between jurisdictions. Often these comparisons are not valid as the factors influencing crime vary widely between communities.

## State fair tickets to be honored

HUTCHINSON — Hold on to your tickets, Kansas State Fair fans. All 2020 Nex-Tech Wireless Grandstand events have been rescheduled for 2021.

That means hip-hop rapper Nelly is back, along with teen

ventriloquist Darci Lynne Farmer and an all-star lineup that includes classic rockers, country-hit makers and high-flying motorsports.

The 2020 Fair was canceled due to concerns from COVID-19. Fair officials have been

working to reschedule the entire entertainment lineup, said Fair Interim General Manager David Tobias. All tickets already purchased will be honored at the gate.

"This means your seat location will be safe for 2021," Tobias said.

Tickets will go back on sale in October, and more information will be available on the Fair's website, [www.kansasstatefair.com](http://www.kansasstatefair.com).
